

Vicar Vacancy Prayer

Good Shepherd, in this time of Vicar Vacancy, we know your heart is to continue to do good and wonderful things within St Francis, Hope and St Lawrence Churches. In your wisdom would you inspire us to enjoy discovering collectively who we are as a church, and what our role is individually within our Church.

May we grow in faith, love and care for one another, for those who come into our church, and for those in the community around us.

Guide all those who are part of the discernment process, and be with the person you are calling, that together we may discover our way for the future and see your kingdom come. In Jesus' name we pray. Amen
